

Love Where You Live

GROW FROM THE INSIDE OUT

Remodeling and Additions

We don't leave your vision up to interpretation. As both architect and builder, we won't need a translator to understand the intention behind your design. In keeping the team integrated from beginning to end, we ensure that the details are never lost and that the execution meets your expectations—every time.

LivCo is NARI Accredited

As one of Illinois' leading home remodeling companies, LivCo is honored to be the first in the state to achieve accreditation by the [National Association of the Remodeling Industry \(NARI\)](#). The NARI Accredited Remodeling Company (ARC) program is the residential remodeling industry's foremost company-wide accreditation program, founded on the first and only consensus-based management standard outlining the primary characteristics of successful, quality remodeling organizations.

With the NARI Accreditation, we are leading the charge in improving the remodeling industry's professional image by assuring clients they are working with an ethical remodeling business, adhering to the industry's foremost standard for remodeling organizations.

Made With Purpose

MEASURE TWICE, CUT ONCE

Our Process

In keeping with the old adage, “measure twice, cut once,” we begin every project with a creative and detailed design approach after assessing each homeowner’s needs and budget. With high focus on design early in the process, we efficiently deliver clever, unique, and truly special details on our construction side.

Areas Serviced

LivCo designs and builds throughout the Chicagoland area with a focus on Chicago's western suburbs. We appreciate the unique homes in the towns along historic Chicago train corridors, the rolling mid-century neighborhoods, and the open plains that define Chicago's rural setting.

What They Say

“LivCo delivered on every point and were patient during the process. Budget and timelines were communicated clearly, and the inevitable issues along the way were presented candidly and efficiently.”

— BATHROOM RENOVATION, INDIAN HEAD PARK, 2016
