Hoping it doesn't rain?

Make sure you're covered.

Even minor problems can lead to costly repairs, not to mention lost man-hours and system downtime – something no laboratory can afford in these economic times. By the time storm clouds arrive, you might wish you had a bigger umbrella.

A METTLER TOLEDO TotalCare Service Package gives you all the protection you need. It reduces the risk of breakdowns through a proactive, comprehensive approach to keeping your instruments running at peak performance, today, tomorrow and years into the future.
