Company Overview

Qualis Management guarantees you lower costs on durable medical equipment and medical supplies. In doing so, we will increase your efficiency while maintaining the highest satisfaction from your patients and staff. Qualis will meet and exceed your service requirements through locally accredited suppliers. Qualis excels in DME management, which is both a science and an art. We offer suggested contracting, formulary management, accounting, computer integration, and service management solutions all at no cost - we work off of a percentage of savings. In some cases, we can offer per diem capitated contracts, providing you with a

sound, predictable budget. In all cases, by using Qualis, you benefit in dollar and time savings, or we work for free. Sounds too good to be true? Check our references...test us. We will provide you with a free analysis showing how and where we can save you money, as well as how we can increase your efficiency.
