

new

NEW Whip Cream Mini Whipper

When just a dollop or two will do, the Mini Whipper is the secret to whipping cream in seconds. Perfect for pint-size portions or dinners for two, the unique plunger circulates air and makes whipped cream fluffier and faster than ordinary beaters.

- A silicone seal creates a vacuum to whip cream faster, while the simple pump means no more sore arms.
- A non-slip base offers stability, and the pump handle locks down for easy storage.
- Make fresh whipped cream and frothed milk with just a quick couple of pumps.
- Perfect for personal portions or dinners for two.

NEW Easy Prep Quick Mixer

The Easy Prep Quick Mixer is a master multitasker. Whip cream or beat egg whites to stiff peaks in 30 seconds. Mix batter in moments. Or emulsify dressings quickly and easily. Simply turn the crank to start the action. No more sore arms from hand mixing. No more hassling with cords and outlets. Just a few cranks of the Quick Mixer and you're ready to roll

- Convenient pour spout makes it easy to transfer batter to waffle machines, griddles and more.
- Multiple mixing blades make lighter, fluffier whipped cream and batters.
- A non-slip base keeps the Quick Mixer in place. No sliding, slipping or shaking the counters.
- Add ingredients through a hole in the lid as you go.
- Beat stiff peaks in under one minute

TIP:

Variety of Ice Cubes

Fill up each section half way with water, add fresh mint, or fruit to each section and freeze for 2 hours. after the 2 hours fill the rest with water and freeze until solid. doing it in 2 steps ensures the mint or fruit gets trapped in the center.

KING Cube Ice Trays

Pitcher perfect! King cubes are fun² – the larger surface means that the ice melts slower, your beverage stays colder, and your drink tastes the way it should.

- Food-grade silicone pops out spectacular, square ice cubes
- The cubes' large surface space is scientifically designed to melt slower than standard cubes
- Jumbo size encourages delicious additions: berries, herbs or lemon slices
- Comes in four summer-ready colors
- Dishwasher safe

A. Silicone Steamers

Steam dream! Gone are the painful escapades from the old metal steaming days as silicone technology steps in to heat your food, not your hands. Long, snap-together handles help food lift quickly from the pot. Elevated base keeps the flexible silicone from close contact with the heat source for durability.

- Vibrant red, available in two convenient sizes
- Dishwasher safe
- Does not absorb food aroma
- Heat resistant silicone to 600°F/315°C

Color Spectrum Silicone Spatulas

The one spatula that does it all. With a kaleidoscope of colors to choose from, these spatulas make it easy to brighten any kitchen with your favorite color. These vibrant, asymmetrical spatulas features a flat surface on one side for scooping and flipping food and a rounded surface on the other to effortlessly fit the contours of a variety of bowls and pans.

- Flat side of this asymmetrical spatula scoops & flips food
- Silicone head is curved on one side and flat on the other to better fit a variety of bowls and pans
- Unique shape captures sauce when used to dish up food
- Sharply tapered edges scrape the sides of bowls and pans clean
- Dishwasher safe
