

Smart Swing Development for Golf & Tennis

Introducing SweetSpot

Swing sensor and iOS/Android app
with training games and practice challenges for all ages and skill levels.

The most versatile and easy to use swing development system.

- Sweet Spot's interactive training games make it fun for everyone
- Learn how to swing a golf club or tennis racket
- iOS/Android app provides feedback for improvement at all skill levels
- Tracks performance and provides training recommendations
- Practice at home, on the course or on the court
- One sensor for golf or tennis
- Attaches to any golf club or tennis racket (hardware included)
- Connects via Bluetooth Smart
- iOS / Android App

Develop Your Swing

Direction

Golf: Whether you fade, hook, slice, or

cut, Sweet Spot will help you improve your swing.

Tennis: Measure each stroke to detect the location of each shot on the court.
