

ATMOS Bluetooth Enabled Thermostat

For Line Voltage Electric Heaters

FEATURES:

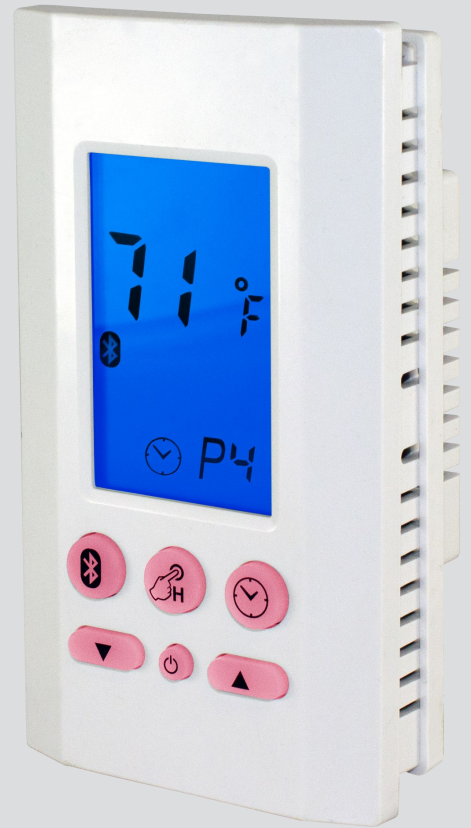

- Programmable via iPhone App with onboard controls.
- Program 4 time periods or 6 time periods for maximum flexibility.
- Clean, beveled style suits any décor.
- Operates 41° - 90° F.
- Mounts directly to a 2X4 inch vertical electrical outlet box.
- Fully vented cover allows air sensing in all directions.
- Large backlit buttons allow easy adjustment to temperature and programming.
- Battery powered or Double Pole line voltage models available

King's ATMOS™ Bluetooth enables thermostats combine the latest in Bluetooth technology with a modern sleek design, offering unparalleled user control.

Powered by the ATMOS™ iPhone App, controlling your home's comfort is in the palm of your hand. Now that is SMART.

Designed with leading temperature sensing technology, King's K700E series achieves lower energy consumption with higher comfort levels by reducing temperature swings.

Simple. Intuitive. Technology.

MODEL	UPC# 093319 PART #	DESCRIPTION
ATMOS1-B	10394	1P Bluetooth Programmable Electronic Thermostat, Battery Powered, 120/240V
ATMOS2-2	10395	2P Bluetooth Programmable Electronic Thermostat, 240V

iPhone App:

SPECIFICATIONS:

Temperature Range: 41° F—90° F (5° C—32° C)

Accuracy: +1° F

Max Power: 2640W @ 120VAC (16A) (ATMOS1-B Only)

Max Power: 4576W @ 208VAC (16A)

Max Power: 5280W @ 240VAC (16A)

Sensing Element: Electronic

Certification: 

Protocol: 
Bluetooth®
