READ ALL INSTRUCTIONS BEFORE USING

COOKING INSTRUCTIONS: Place corn cobs in the steamer with 4 tablespoons of water. Cover and open small vent on the lid. Cook on full power for 3-5 minutes plus 3 minutes for each additional cob. Microwave times vary depending on wattage of microwave used. Always refer to the microwave handbook.

WARNING: Do not add butter, oil or other liquids to the steamer while cooking in the microwave. Add these items after the corn is done cooking. Use caution when opening the steamer, as corn will be hot. Do not place any type of corn cob fork or holder in the corn cob while cooking in the microwave. Do not overcook food or use the steamer in the microwave without food.
