Absolutely love this product

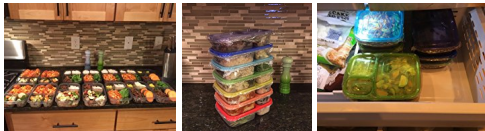

By [Yuvia](#) on November 24, 2016

[Verified Purchase](#)

Absolutely love this product. Highly recommend it.

Recently I learnt a new concept of meal prep from YouTube. Basically meal prep is for the people who are busy but still want to eat healthy. I bought two sets of these meal prep lunch boxes. I grilled some vegetables (broccoli, zucchini, sweet potato, mushroom and cauliflower), put red sauce and meatball into saucepan, boiled some Rotini, and panfried some chicken breast and jalapeno beef. Within only 1 hour, I cooked an whole week meal. The 7 color lids help me quickly find the meal I need for each day. That's the reason I bought this set instead of those identical black lunch boxes. I'm really happy that from next week, before I go work and after my everyday workout, I don't need to worry about what to eat and where to go buy food. I have these babies waiting for me.

Oh, another bonus is, because I'm a super tidy and clean person. Usually, every single time after I cook, I will wipe my whole kitchen including counter top, cabinet, microwave, stove and so on. Although house cleaning makes me happy, it took way too much time. Now, I only need to clean my kitchen once a week. After the cook and clean for the week, I put every thing into fridge and cabinets. My kitchen looks stunning. Almost like a model house.

The see through containers are nice to see inside with out opening the lid

By [Swim mom](#) on January 9, 2017

[Verified Purchase](#)

This is exactly what I was looking for! I needed divided containers for packing school lunches and meals and snacks to take on the go for sports (particularly swim practices and meets). After all that swimming my kids are hungry and it makes things easier to have healthy food already prepared for them. The see through containers are nice to see inside with out opening the lid. Plus the variety of lid colors is nice. If I pack different items for different children, or cut up only my toddlers food, I can easily see which is his as well as remember which lid is his. Very happy with this purchase for my needs.

Amazing lunch boxes

By [Xinyu](#) on November 28, 2016

[Verified Purchase](#)

Amazing lunch boxes! There is no plastic smell at all, and the seal is very strong. I can safely put it into my bag and take it to school. I can put it into microwave and heat the food. The colors look pretty. Definitely a worthy purchase.

Great for my meal prepping

Great for my meal prepping. I haven't had a problem with the lids leaking or anything like that either. I am happy with them!!

Lids don't seem to snap on well

Bottom line, lids don't feel as if they are secure and really snap on. No way I'm sending my kid to school with these as I have serious doubts the kids will stay on, or pop them... [Read more](#)

Good for dry food only-does not close properly-trust me

These Bento boxes are decent, however they don't close well. Meaning if you have any amount of liquid in them, it will spill out!! [Read more](#)

I bought two sets of these. One for me and one for my husband. These are great tools for meal planning and portion control. You do have to put a little body weight into getting them to close but I would recommend to anyone! Microwave and dishwasher safe.

Worth the money They are very sturdy and durable

Worth the money

They are very sturdy and durable. We've froze them and put them in dishwasher. We've been using them for about 2 months with no issues. Lids fit tight and need some attention to snap on. But better than those ones that fit too loose. Our friend stop by and really like the color, I've recommended it to them and now they also own one.

By [Herbie](#) on January 10, 2017

I'm using these in my six pack meal bag. I hated the containers that came with the bag and have been looking for a useful replacement that still fit in the bag like those sold with the bag. These are the ticket, I love the separate compartments so my rice and meat don't have to be mixed with my veggies unless I want them too. The separate colors are great too if you are toting multiple meals like I do in one bag (ie breakfast, brunch, lunch, etc).

Good lunch boxes with rainbow lids

By [Amazon Customer](#) on November 26, 2016

[Verified Purchase](#)

Would definitely recommend this product!

The rainbow colors are what I love the most about this. Made it super easy to know which is which, without having to put a label on each box. I could easily grab the right one for today from the whole stack in the fridge. It's also nice to see a different color on my office desk every day.

The material used for these boxes are really solid, and it does not have the funky smell that lots of lunch boxes have. Lids are tight enough that I'm comfortable putting it in my backpack without ruining everything in it.

If you do meal prep every week, this's definitely the right product for you.

Wonderful bento boxes!

By [Sarah](#) on January 21, 2017

[Verified Purchase](#)

Purchases these for my lunch and dinner, such great ones, i can easily organize my food into slots and it is microwaveable, no smells at all unlike other cheap bento boxes sold elsewhere. Definitely will recommend and buy again. Corlorful is also a great feature. I'm very happy with my purchase.

Lids don't fit tight

I'm afraid to put anything with liquid in these because the lids don't snap down and seal. They are fine for fresh veggies sand sandwiches or crackers and cheese.

Published 18 days ago by sharon

Could've been better.

The idea is cool, but the containers are hard to shut. Make sure to press closed around multiple places for each compartment.
