

Procter & Gamble continues to pioneer global innovation through a clear, simple, and standardized approach.

Your commitment to innovation, integrity, ownership, and a passion for winning, continues to inspire the world.

We have been a trusted partner of P&G for decades. We feel honored by the confidence Procter & Gamble places in us and our team, to include us in the search for an innovative global sourcing solution. Collectively, we take great pride in being recognized as P&G's Minority Supplier of the Year. . . (twice), and P&G's Majority Supplier of the Year. . . (twice). For these reasons, and with our unique partner structure as Versatex, we are confident that we can deliver guaranteed savings, lower complexity and reduced risk for the provision of Managed Services for Contracted Labor on a global and regional level.

GBS' winning MSP requirements will drive labor innovation for all P&G sites globally. Your global master services RFP challenges respondents to save, satisfy, drive safety and standardize best practices.

Our "game changing" MSP model leverages the strengths of experienced partners in Vendor Sourcing, Supply Chain Management and Global Centers of Excellence to deliver a proven, clear, simple and innovative solution. This response provides the detail for how we plan to exceed your expectations through four key competencies. . .

- 1 | **Proven labor innovations at P&G**
- 2 | **A set of simple goals & choices**
- 3 | **A simple, yet innovative MSP model**
- 4 | **Flexible technology, tools & systems**
