★★★★★ Great for cutting more than pizza!

December 29, 2017

Color: Green | Verified Purchase

One of those cases where you're not really sure- why the previous version- was ever even invented . I know- you're probably thinking that your kitchen- knife works fine , and that's cool . I don't know- what I would get- this *just** for pizza , but for a parent who needs to cut- food- into safe sized pieces all of the time- , this is a great- little- gadget- that does the job- quicker , easier , and arguably safer if you close- it when you're done . Washes easily , holds up well .

★★★★★ Game Changer

December 11, 2017

Color: Green | Verified Purchase

I'm Italian-American . I make- pizza weekly in my house- . I have- the stone- which has been passed down from earlier generations and the secret- recipes . All is good- , my kids , their friends , they all come over to our house- when Dad is making pizza . A couple- kids even nicknamed me Papa John . I quickly corrected them that it was insulting- as my pizza is the best ! The only ingredient- I was missing was a decent- pizza cutter- . That was in the past- , this is a GAME CHANGER ! Works great- , is safe and way- better than any other design- . I was skeptical at first- until I used it . Now this rocks !! Mangia !!!

★★★★★ Love this Kitchy

Wow , I could not believe how well this pizza cutter does its job . My old one was likely just that , old . I had to put so much pressure on the old one to do the cutting . We get a take and bake every Saturday and I finally had enough of that old one . This one arrived about 2 days before we got our pizza and frankly , after it cooked and I was using it . I was doubtful it really did cut . I was wrong . The toppings stayed in place and the cuts were perfect with only one pass . Of course I realize my thoughts on this is only after 1 use . I should mention that cleaning it is much easier than my old one . It's easy period .

★★★★★ This replaced my Kitchen Aid!

September 12, 2017

Color: Blue | Verified Purchase

Excellent ! Just love this new pizza cutter ! I use it for more than just pizza . Try using it with sandwiches (PB&J's - Grilled Cheese - Quesadillas - Etc) I use this to help cut strips and cut into squares for my 16 month old . Works extremely well; cuts like butter .

Love the plastic guard for using when the blade is stored inside a drawer . Most pizza cutters do not have this feature . I was a little concerned with how well it would be inside a dish washer--but I was gladly surprised to see it washed out just fine !

I also love how your hand rest on top of the round part above the blade instead of having a handle extended outwards . This allows for better pressure and easier cutting .

I replaced my Kitchen Aid pizza cutter with this one and boy am I glad I did ! I would and will definitely buy this product again for myself and for others as gifts !

★★★★☆ Works Well...Razor Sharp...Clean With Caution!!!

January 20, 2018

Color: Green | Verified Purchase

Purchased this item a month ago and used it a handful of times prior to posting this review .

As stated by most reviews , this appears to be a great alternative to traditional pizza cutters .

Easy to hold and use . Razor sharp out of the box . . . possibly to sharp . This could be a small issue when having to take apart and clean . Use caution when doing this for the first time .

As for build quality , it's solid and seems as though it will last .

All in all a positive purchase and would buy again .

★★★★★ LOVE!!!

February 7, 2018

Love this pizza cutter !!! We had a great one for years , but the handle broke . When shopping for a new one , we found none had a good blade cover . They always fell off or if you weren't paying very close attention putting it on you could cut yourself . We were going nuts looking for our original cutter and then my husband saw this one in a Buzzfeed article . It is great . Cuts perfectly and easily . Easy to clean . The blade is covered . We are really happy with it and definitely recommend it to anyone dealing with the same issue we were .

It worked perfectly . Even on a stuffed Pizza witch was very thick , I was impressed with how it cut through the pizza . My opinion right now is I would definitely buy this again . [Read more](#) ▶

Interesting design- and because of this I prefer this cutter- vs your standard- pizzeria style- cutter . Gives you much more control- , disassembles for cleaning , has a built-in- blade- cover(1 less thing to lose in your junk-drawer) . The directions suck- ! I know- I know- your thinking "it's a pizza cutter- and what instructions are there" . The instruction- for disassembly are poorly written , I almost thought they were for another cutter . FYI just pull- the 2 halves of the shell- apart- at the axel of the cutter- and it will split- in half .

★★★★★ Heavy Hitter for Low Price

June 19, 2017

Color: Green | **Verified Purchase**

This cutter- is awesome ! I was a little- worried when I purchased (the price- was the deciding factor) , but my husband -- the intended user -- LOVED it ! Contoured to fit- the hand- perfectly , and our big- mitts worked too 😊 I have- to buy- a couple- more for us and for gifts ! If u have- wrist strength- issues or find- handled cutters hard- to use- to cut- thru the crust- , this is definitely the item- for you !!
