

Our mission at December Rose Senior Care is to serve our seniors while we come to know and love them and their families by remembering and participating in the 'roses' of their lives. These 'roses' are memories, hobbies, activities, socialization and more that are important in the lives of seniors. We will do this as we provide compassionate, respectful, loving and committed in-home care. We believe that through these practices and principles, we can effectively care for seniors while improving the lives of everyone involved in the care process...seniors, caregivers, families and communities.

December Rose SENIOR CARE AT HOME

God gave us memories so that we may have June roses in the December of our lives

Struggling with caring for an aging family member? We can help.

Our caregivers are loving people with special talents and at December Rose Senior Care we seek to find the best caregivers around.

Often, for seniors to remain at home they require help with just a few daily activities that they find are more difficult now. At December Rose Senior Care we strive to provide quality, affordable in-home care services that can be tailored to fit anyone's needs. Our passion is to bring peace of mind to seniors and their families by providing safe and compassionate care while encouraging independence, social interaction, hobbies and interests.
