# Pitch B2B

### What is PitchHub?

PitchHub is a video platform for buyers and sellers that enables them to learn about each other in a more cost effective and efficient manner than is typically practiced today.

### Buyer

Buyers can create a project, list requirements, quickly review multiple seller's video presentations (pitches) and collaborate as a team to narrow the field of possible vendors all while saving time and money.

### Seller

PitchHub Products Contact SIGN IN

Buyers can create a project, list requirements, quickly review multiple seller's video presentations (pitches) and collaborate as a team to narrow the field of possible vendors all while saving time and money.

### Seller

Sellers can be discovered on PitchHub, they can respond to buyer's requests using messaging, a customized video pitch, and documents.

Feedback is recorded for Buyer-side consumption and optionally, selected information can be shared with the Seller.
