EVERYMUNDO

Fare Visualization and eCommerce Modules

Fare Visualization and Flight Search Anywhere

Boost revenue-generating potential of any page within – or outside of – your website.

airModules™ deliver dynamic, conversion-oriented fare finding and flight search tools deployed on any web page with no IT involvement.

Fill the Funnel

Transform any page into a flight booking page by adding a booking mask, flight offer list, or another of EveryMundo's eye-catching booking modules – populated with real-time fare data.

Purposeful Engagement

airModules™ are interactive and engaging, serving the key goals of enticing users to browse flight offers, select inventory, and enter the booking process.

Why co-brand when you can co-sell?

Deploy airModules™ on partner websites and deliver pre-qualified traffic direct to your own booking engine.
