How would it be if your smartphone pays you some extra cash?

You see, I know you must be spending a heck lot of time on social media, WhatsApp etc. Though, there is nothing wrong with it.

But let's imagine, isn't that be great if you spend your time wisely and at the same time make money out of it to pay your bills?

Today, I am going to show 3 legit money making apps that can help to make \$100/month just by doing some simple work.

Now, I am not bluffing as I have earned some real cash using these apps. You can try it for one month to see if it really works for you or not.

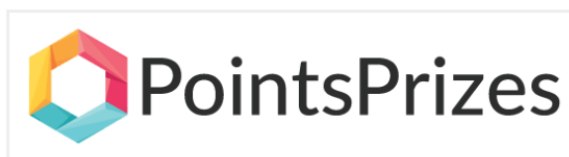

APPS TO MAKE MONEY FAST

The key to earning money from smartphone apps is the consistency. If you are consistent, then you will surely make some chunks of money using these apps.

These are quite easy to use and the main strategy that works with these apps are the referrals. Referrals can help you to leverage your money than you would normally earn.

- **PointsPrizes**
- **Grab Points**
- **SlideJoy**

1. POINTSPRIZES

It is an [app/website](#) where you can make money just by completing offers. This app is capable of earning **\$60/month** & more when you have enough people under you.

You can either use it as a website or app. But I would prefer to use the website instead of the app because it gives you more flexibility. You can use website either on PC or mobile.

Now, this site is legit as I got paid from them recently. The good thing about this website is that it pays really well. You just need to collect 3000 points to get paid.

For 3000 points, you can either cash out PayPal money, Bitcoin, PSN Code, Amazon Gift card code & much more. Below are the details:

- 3000 points = \$20 PSN Code
- 7500 points + \$50 Amazon Gift Card Code & much more

You can find all the prizes [here](#) by clicking on the "Claim Prizes" under menu tab.

If anyone joins through your referral link, then you will get 10% of their earning. Suppose they make 3000 points. Out of that, your account will be automatically credited with 300 points.

Isn't that great?. So, if you are interested, you can join [from here](#).

In addition, I will provide you some codes through which you can make around 700 points instantly.

Just go to "Use coupons" section under menu tab and type these codes.

2. GRAB POINTS

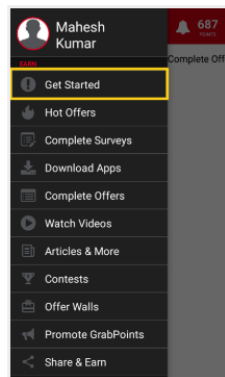

Grab points provides free gift cards & PayPal cash. To earn all of this, you have to do the certain task such as surveys, download apps, complete offers, watch videos, referring friends etc.

Once you have collected enough points, you can redeem them for PayPal cash, Bitcoin & other gift cards.

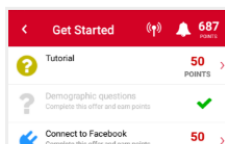

You can also make free points by just entering codes which I will show below.

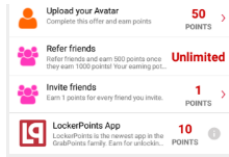

Steps to join Grab Points & earn free points

- Enter invite code **XFUDZT** to get **500 points to sign up**. (without entering the code, you have to start from 0 points)
- Now fill all your profile details & you will get 150 points.
- Click the menu on the left side & click “**Get Started**” (I actually made a new profile just to show you all)

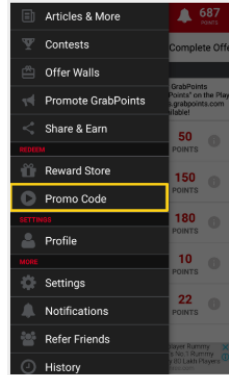

- Now do the following task as shown below i.e linking to facebook, twitter, verify your email, upload an avatar and make extra 250 points. So, the total you have earned 900 points.

- Now go to **Promo code tab** on the menu and enter following codes.

DOWNLOADAPPS – 8 points

SURVEYSROCK – 10 points

So that gives you an extra 50 points. Now, you have 950 points in total.

Promote GrabPoints

You can make 800 points just by promoting it on Youtube. You need to make 1 video about GrabPoints & Lockpoints and share it on Youtube.

Share & Earn

You can even promote certain apps on Facebook, Whatsapp, Twitter etc by **Share & Earn Feature**. If someone downloads that app from your link, you will earn some points.

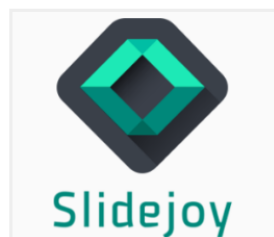

Refer Friends

Refer your friends (earn 1 points each) & if they reach 1000 points, you will get 500 points. Now, there is a criterion for this also. If your referring person is from US, Canada, UK, you will get 500 points.

European countries will get 300 points & Asian countries will get 25 points. You can easily get points just by referring people & doing offers.

You can join [from here](#).

3. SLIDEJOY

What if I told you that you can earn money just by unlocking your phone?

You can also increase your pay by doing surveys or any task that Slidejoy offers.

Slidejoy works on your lock screen & display ads on it. You do not have to engage with the ads and use the phone normally.

It doesn't mean that you can continuously unlock the screen and can expect more carats (points). Slidejoy can detect your activity if your unlocking abnormally and will give you fewer carats.

So, I advise you to use it normally as you usually do.

This app gives you 2 ways to unlock the screen.

- Swiping right will take you to the home screen.
- Swiping left will let you engage with the ad.

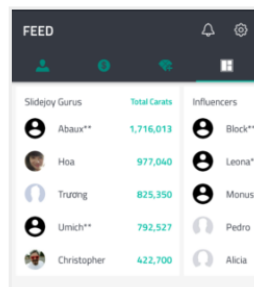

You can also swipe up & down.

- Swiping up will take you to all trending news.
- Swiping down will take you to notification bar of Slidejoy.

Carats you earn on a particular day will appear in the app on the next day at 12 pm EST (9:30 pm Indian time). You need at least 2000 carats to cash it out. You can either opt for Paypal cash, gift cards or Topup.

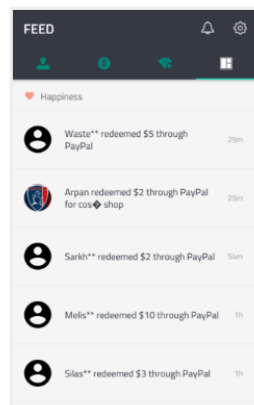

Here 1000 carats = \$1

You can see top-earning members of Slidejoy below

Slidejoy Gurus	Total Carats	Influencers
Abaux**	1,716,013	Block**
Hoa	977,040	Leona**
Truong	825,350	Morus*
Umich**	792,527	Pedro
Christopher	422,700	Alicia

It also shows people who are currently cashing out.

User	Amount	Method	Time
Happiness			
Wasta**	\$5	through PayPal	25m
Arpan	\$2	through PayPal for cos shop	25m
Sarkh**	\$2	through PayPal	54m
Melis**	\$10	through PayPal	1h
Silas**	\$3	through PayPal	1h

Along with this, you can also play games & do surveys to earn more carats. So, it is a great side money for literally doing nothing.
