

# PRODUCT DETAILS

**STROLLER HOOKS**

Our Fawn Design Stroller Hooks are made of faux leather for easy cleaning. They're available in four colors: black, brown, gray, and blush. The Fawn Design Stroller Hooks can easily attach to your stroller with their velcro strap and will not fall off, and they're short to help keep the bag close to the stroller. The clasps allow the hooks to easily attach to our Fawn Design bags. Always remember to remove your bag from the hooks before lifting child from the stroller. Do not overload the hooks as this may cause the stroller to tip.
