Product description

The Movo Photo VF30 Video Viewfinder for DSLR Cameras is the perfect compromise in a DSLR optical viewfinder: outstanding performance at a great price. This unit lets you shoot like a pro, with added precision and the ability to catch every detail. Take the guesswork out of focusing and remove the strain from bright shooting conditions.

The Movo Photo VF30 Video Viewfinder for DSLR Cameras is designed to fit any 3" LCD screen and the 3.0x magnification transmits even the tiniest details in crystal-clear focus. Rubber eyecup is comfortable and provides a perfect fit, to keep out extraneous light and ensure the best viewing. Mounting bracket is simple to use: you can be set-up and shooting in minutes.

This is the next best thing to having a professional monitor. Standard DSLR cameras are a struggle to focus using the standard viewfinder, the Movo Photo VF30 Video Viewfinder for DSLR Cameras makes a huge difference in quality and comfort. This is one of our most popular accessories, make room for it in your camera bag.

Price	Unavailable	\$12 ⁹⁵	\$9 ⁹⁹	\$6 ⁸⁰
Sold By	—	Amazon.com	Digital Goja	Mcoplus Digital
Size	—	—	—	HB-32

Product description

Lens hoods are primarily designed to prevent unwanted stray light from entering the lens, by extending and shading the end of the lens. A dedicated lens hood is designed to perfectly match the specific focal length of the lenses it was designed for. Moreover, this hood features a non-glare matte finish on the interior surface, to further prevent or limit lens flare. And since the end of the lens is extended, you get the added benefit of protection from accidental impact. The bayonet mount is designed to also work in the reversed position, allowing the hood to be placed backwards over the lens for a more compact storage solution.

BONUS 2X spirit level which mounts to your cameras hot-shoe **AND** microfiber lens/camera cleaning cloth included
