

## Tanium® Air Saw Blades

- Designed to simplify unitized auto body repair
- Tanium® dual alloy blade cuts all types of automotive sheet metal, including High strength steel
- Also cuts plastic, fiberglass-reinforced plastic, S.M.C.
- Two-blade design for easier cutting in a variety of applications
- Universal tang design that fits most common air saws, including Rockford Tool and Florida Pneumatic
- Dual alloy design allows blades to bend without breaking – outlasts ordinary blades

Length (Inches)	Width (Inches)	Teeth Per Inch	Application	Item No.	Pkg. Qty.
4	1/2	24	Metal 1/8" and up	P66187	5
	1/2	32	Metal up to 1/8"	P66201	5

## Hardflex® Air Saw Blades

- Bi-metal, shatterproof construction resists breakage
- Matrix II type alloy cutting edge resists tooth chipping and withstands shock and abuse
- Made in USA

Length (Inches)	Width (Inches)	Teeth Per Inch	Application	Item No.	Pkg. Qty.
2-3/4	1/2	18	Metal Over 1/8" (3.2mm) Thick and Up	52674	5
4	1/2	18	Metal Over 1/8" (3.2mm) Thick and Up	52675	5
2-3/4	1/2	24	General Purpose Metal Cutting, 1/16" to 1/8" (1.6mm to 3.2mm)	52676	5
4	1/2	24	General Purpose Metal Cutting, 1/16" to 1/8" (1.6mm to 3.2mm)	52677	5
2-3/4	1/2	32	Metal 1/16" (1.6mm) and Thinner	52678	5
4	1/2	32	Metal 1/16" (1.6mm) and Thinner	52679	5
