## ABOUT

### PIPELINES 2017

Pipelines 2017 is part of the new ASCE Utility Engineering & Surveying Institute (UESI). The conference will continue to provide a forum for pipeline engineers and practitioners from all around the world to share their experiences in meeting the challenges of today's pipeline infrastructure. This premier industry event has become the conference of choice for utility and pipeline owners, design and consulting engineers, contractors, manufacturers, suppliers, students, educators, researchers, and pipeline professionals. The conference will also include surveying as it relates to pipeline and utility projects. The Pipelines 2017 Conference will provide a dynamic and inspiring venue for participants to share and gain valuable knowledge related to planning, designing, constructing, renewing, operating, managing and maintaining the lifeline assets.
