

Home Health Care Services and more...

At Seniors Helping Seniors® in-home care we not only provide non-medical home care services, but also the full continuum of your skilled nursing needs.

Let our licensed Home Health Aides (HHA), Certified Nursing Assistants (CNA), Licensed Practical/Vocational Nurses (LPN/LVN) and Registered Nurses (RN) provide the care you need in the comfort of your own home.

Our Home Health services include:

- Health Monitoring
- Medication Management
- Wound Care
- Catheter Management
- Injections and Blood Draws
- And more...

Our Non-Medical services include:

- Companionship
- Care Management
- Light Housekeeping
- Personal Care Services
- Alzheimer's and Dementia Care
- Respite Care
- Transportation
- And more...

*"Thank you for your help. Even more so, thank you for the wonderful care that mom has had over these past six months. The wonderful "girlfriends" from Seniors Helping Seniors made mom's journey light. I will never forget them and you for the comfort and care that you provided. Thank you."
— Grateful family*
