Why Choose Grace?

🎵 Your Tempo

You can be a participant or a spectator. Sit back and sip coffee with a friend while being entertained by a pianist, or take out your favorite sheet music and entertain yourself and your friends. How about a game of pool or a dance in the great room? The point is – at Grace you live life at your own tempo. **We provide the opportunities. You set the pace.**

👤 It's All About You

Think about it. You don't have to shovel the snow, mow the lawn, rake the leaves, pay the bills, do the laundry, make dinner or worry about taking the right medications. The Grace staff is here to assist so you **may enjoy the quality of life you deserve.**

🏠 You're Home

Our job is to make sure you feel safe, secure, and well cared for in your new home. Not only that, **we want to have fun.** We love lots of company, so we have classes, recreation, outings, Christian Bible studies, singalongs. And if you have any special requests, we have ears.

Amenities

- Single-level communities with studio, one, and two bedroom apartments.
- Two-way voice intercom to the nurse's station
- Large closets and storage shelves in apartments

Memory Care

A NEW DAY IN CARING FOR THOSE WITH DEMENTIA

The Grace Assist Plus™ Memory Care residence in Meridian has been a-buzz about the emphasis in care. The dining room chairs, recliners and sofas are made of the softest leather and the deepest plushy foam. There is an emphasis on comfort that is rarely seen these days, even in the finest hotels. But the decor is only the outside veneer; the real emphasis is on care. Linda Hines, the owner and heart of Grace Assist Plus™, explains, "It is the most elderly who need and deserve the highest level of care, the softest comforts, and the greatest love and attention." Linda Hines emphasizes, "These are the people that need pampering the most—so let's pamper them!"

And pampered they truly are! At Assist Plus™, one notices an altogether slower pace from the Assisted Living. Great patience and time is taken in making each resident emotionally comfortable about participating in activities, and ensuring games and tasks are entertaining but challenging.
