

# SHARP® AccuSet™ ALARM CLOCK with DISPLAY DIMMER

## AccuSet™ AUTOMATIC TIME SET

The clock is pre-programmed with the time so there is no need to worry about setting buttons. Just select your time zone at the bottom of the clock, turn on DST and plug it in!

## AUTOMATIC DAYLIGHT SAVINGS TIME

The clock updates itself for Daylight Saving Time (DST). Set the DST setting to ON at the bottom of the clock and never have to worry about adjusting for Daylight Savings Time again.

## TIME ZONE SELECTION

The default time zone is Eastern Standard Time. Before you plug in the clock, set your time zone on the bottom of the clock.

## HIGH/LOW DIMMER CONTROL

Adjust the display brightness to your liking with the high or low dimmer control.
