#### MY TWO LOVE THEM!

I have two German Shepherds that really don't like being left alone. The younger one was licking her elbow raw while in her crate. I give them both a biscuit before I go to work. They love them and the younger one's elbow is furry once again! I will keep buying for my fur babies!

**BEST EVER**

These helped my 1 year old golden, who hurt her ACL's. Once we gave her a biscuit she was able to run around again. I will be ordering again.
