**Great box!**  
 The high sides, low opening and non-stick surface combine to make this an outstanding litter box. Pet Fusion has products that work for both cats and humans! Thanks!

**Larger and More Convenient!!**  
 I love this Pet Fusion Litter Box! It is a larger size for my larger cat. Also, instead of having 3 litter boxes, I only need 2. Plus, the litter box is so easy to clean, because everything slides off the sides.  
 Thank you, Pet Fusion!!

**Excellent Product!**

I've been using this litter box for about 4 months and it has lived up to its promises! It truly is non-stick, making it very easy to clean. My cat loves the size and the high sides have cut down on the amount of litter that ends up outside the box.
