

1. RiskKey™: your dedicated workspace for advanced risk modeling

we are
changing
the way
you think
about Risk

- ◆ Our goal is to empower you. RiskKey is the technology we built to do it.
- ◆ We continuously embed in it our new research, as we generate it
- ◆ Technically, RiskKey is built to enable agile, collaborative work and seamless transfer of knowledge
- ◆ Here we create your own dedicated risk workspace where we work together, in complete transparency
- ◆ Your workspace is shaped for you. *It can be shaped by you.*
