Aerodynamic Study of Tesla Model 3

Unplugged Performance Tesla Model 3 & Model S Track Testing

ABOUT US

GET IN TOUCH

Unplugged Performance is the world leader in premium performance upgrades for Tesla vehicles. With our USA-made line of stylish and high performance parts, our sole focus is on holistic development and improvement of all Tesla cars.

Unplugged Performance was founded and incubated by the team behind the world-renowned automotive customizer Bulletproof Automotive. Unplugged Performance is the world's leading company focused on the customization and sports performance of Tesla Motors vehicles.

All of our parts are researched and engineered on our own development vehicles with the intention of improving every aspect of the driving and ownership experience. Unplugged produces an exclusive range of premium upgrades to give a new sporty performance identity to Tesla Model S, Model X, and Model 3.

Improving on perfection is no easy task, and to do so Unplugged products are professionally designed, prototyped and manufactured in-house in Hawthorne, CA and in collaboration with the best motorsports suppliers. The supercar performance of Tesla vehicles meets supercar-grade enhancements with Unplugged Performance.

Founded in 2013 in Hawthorne, CA, Unplugged is neighbors with Tesla's design center and a short walk from the Hawthorne California Supercharger station.
