Travel back in time to your vacation at Vero Beach in Florida with our popular Orange Blossom candles. All in all, there is a strong core of clean citrus and an overall scent of complete femininity.

In order to accomodate as many customers as possible during this period of high sales volume, we are limiting the maximum number of products of Very Vero to four per cart. We hope you'll enjoy your purchase and come back to purchase more!

[About Our Candles](#)

[Other Products](#)

Our candles are a custom blend of paraffin and soy waxes. Paraffin is used to hold the strong colors you see and scents you smell. Soy is used to create a product more eco-friendly to our environment. Together, a quality product is created and tested to be the best possible for you and your home.

Our candles are double wicked, to provide a larger melt pool. All wicks are lead free, and all fragrance oils a phthalate free. When burned properly, each candle will burn up to 45 hours.

I love the fragrance at this hotel so much. Now I can enjoy it at home. I like it so much I bought some extra wax melts for our Vero Beach condo so our renters are greeted with this lovely aroma!

Comforting!

Dawn on Dec 07, 2016

This scent is so comforting! And yet, not too overwhelming.

Using your reed diffuser fragrance oils

Using your reed fragrance oils One of the questions we are often asked is, "What is the difference between your home fragrance oils and your reed diffuser oils?" Great question!...
