EBOOK

A Practical Guide to Strategic Planning in Higher Education

This guide provides a basic overview of strategic planning at the post-secondary level and defines the elements of a successful process. It is also useful as a checklist for more experienced campus leaders, providing colorful vignettes of circumstances in which ineffective strategic planning can create many problems.

EBOOK

Campus Heritage: An Appreciation of the History and Traditions of College and University Architecture

EBOOK

Academic Design: Sharing Lessons Learned

If you need to understand the elements of an institutional (or large departmental) strategic planning process, this is the book for you.
