

SpeedPass - 11/30/2018

<p>PROBLEM</p> <p>Long lines delay entry, frustrate visitors and staff, and create public safety concerns</p> <p>EXISTING ALTERNATIVES</p> <p>Increased staffing.</p> <p>No competitive tech solution</p>	<p>SOLUTION</p> <p>SpeedPass delivers process enhancements in a handheld solution that anticipates the next transaction and is ready for the customer and staff. It is a pure linebusting technology that expedites routine transactions such as those required for gated or limited entry.</p>	<p>UNIQUE VALUE PROPOSITION</p> <p>Linebusting with SpeedPass reduces long lines and frustrating wait times by shortening the amount of time required to process entrance fee transactions. This in turn also reduces staff time required for park entrance, liberating park staff for other park operations. Linebusting also enhances visitor satisfaction and public safety.</p> <p>HIGH-LEVEL CONCEPT</p> <p>Instead of taking the time to write a check, today we use Paypal or an ATM card to rapidly complete a transaction. SpeedPass expedites the entry process, saving time and money.</p>	<p>UNFAIR ADVANTAGE</p> <p>Mobile</p> <p>PCI compliant</p> <p>Offline mode</p> <p>Enhanced reporting</p>	<p>CUSTOMER SEGMENTS</p> <p>Park systems with an entrance fee</p> <p>Public parking</p> <p>Private parking</p> <p>EARLY ADOPTERS</p> <p>Long lines, public safety and visitor satisfaction concerns</p>
