

## ABOUT US

Our primary goal is to provide monitoring services for your pet's well being. We use technology to monitor your pet remotely, and provide this information on a routine basis to your Veterinarian.

## OUR LOCATION

We are located in the heart of sunny Tampa Bay, Florida.

We monitor pet lives around the Globe.

Willow

## BACKGROUND

Tested on Humans, Trusted for your Pet!

We are born from human medical monitoring, and are trusted to provide health monitoring services for thousands of chronically ill patients in their homes today.

We have taken this experience and technology and applied it to the care and well being of your four legged loved one.

## ROUTINE VITAL READINGS

You will take routine readings of your pet as prescribed by your Veterinarian.

## AVAILABLE 24/7

A veterinary technician is always available 24/7 monitoring all readings you take for your pet.

1

## FREE TO SIGN UP

Your first month is free, simply choose your monitoring device(s) from our store and begin to have your beloved pet monitored right away.

\*Check with your pet insurance for possible coverage of devices and monthly cost of service

2

## EDUCATION

Willow will call you when your device is delivered and provide you with the proper training for the use of the device on your pet.

We will walk you through your pet's first vital reading to kickstart your pet's telemonitoring program.

## MONITOR FOR RESULTS

Willow monitors your pet's health and sends results to your Veterinarian. Your Veterinarian is alerted to critical and high-risk readings, and you will receive a call from a Willow Veterinary Technician to make sure your pet is stabilized.

Willow's Pet Health Operations Center allows you to spend quality time and reduce unnecessary costs, by staying ahead of preventable pet health emergencies.

## WHY MONITOR?

- Stay connected to your Veterinarian
- Save on costly emergency vet visits and stressful overnight stays in the clinic
- Provide your loved one with better and faster proactive care
