SOGO'S ADVANCED TRADING TECHNOLOGY

TRADING PLATFORMS

Once you know how to invest in stocks, SogoTrade's online trading platforms make it easy to buy or sell stocks and options from whichever sort of computer or touch-screen device you choose to use. SogoTrade makes it easy and inexpensive to invest money online. Whether you choose to use only one trading platform that we offer, or several, we strive to offer the best online trading platforms in the industry

SOGOAPP

SogoApp provides on-the-go access to SogoTrade's lightning fast order routing technology. All of SogoTrade's trading platforms, including our downloadable mobile application SogoApp, are built upon one core infrastructure which stems from the award winning platform originally designed for professional traders. SogoApp is fully customizable to the needs of individual investors and traders in order to deliver a singular, exceptional trading experience. Benefit from one of the lowest commission rates offered in the online brokerage industry.

- Stock and options trading
- Streaming quotes and watch lists
- Streaming charts
- Real-time news feed
- Stop and Stop Limit orders
- Customizable account settings
- Simple site navigation
