Horrible print quality on the cover

April 28, 2018

Color: A: Light Brown Pages [Verified Purchase](#)

This definitely was not at all what I had expected it to be. I literally looks like someone took a screenshot of the book in the movie, blew up the image way, way too large, and then printed it onto the front of a hardcover book. The print quality was pretty atrocious, in my opinion. Also, keep in mind that the book comes disassembled; they send the shoe-string-like tie and pages separately and you assemble it yourself -- not really a big deal, but just so everyone's aware. I wanted to give this to my fiance as a gift, but I was so embarrassed by the quality of this that I decided to either spend more or make my own.

Poor quality

May 30, 2018

Color: A: Light Brown Pages [Verified Purchase](#)

I was super excited to find this, but it's pretty sub par quality. The tie that comes with it is pretty useless, hardly keeping the book together, and the pages get lopsided easily. I wasn't expecting excellent quality, but I was pretty disappointed. Also, the front text looks like it was printed from a crappy copy of photo.

Cheaply made

March 8, 2018

Color: A: Light Brown Pages [Verified Purchase](#)

I was very excited when I purchased this item and had high hopes for it. I was going to give it to my fiance as a Valentine's gift. When I received this item it was nicely packaged but when I seen the actual product I was very disappointed. It was cheaply made and low quality. The cover which appears to be leather is not, it print on and looks cheap. The post cards were crooked. Don't waste your time with this product spend a little more to get something better luck.

Graphics are low quality and not what you expect.

March 18, 2018

Color: A: Light Brown Pages [Verified Purchase](#)

I was super excited to receive this as a gift to someone very special. I was so disappointed by the quality of the product. The graphics are cheapest made. They aren't clear and bright. Rather dull and lack that pop of color you'd expect from this book. In addition, if you tie the string too tight it's hard to flip the pages so your other option is to have it lose. Highly disappointed and not what I expected.

Two Thumbs "Up" ;)

March 8, 2018

Color: A: Light Brown Pages **Verified Purchase**

I loved this. Bought it for a baby shower. Yes you have to assemble it yourself and the cover is flat as other reviews state. But I love the tie and the "looseness" of it, it adds an almost vintage like character. Came with stickers and little "Up" inspired cards. Everyone loved it, it's quite adorable.

Super flimsy, pages and cover move around a lot

December 19, 2018

Color: A: Light Brown Pages **Verified Purchase**

I got this as a Christmas gift for my boyfriend and I was super excited for it to come in. It looks cute even though the print is a bit weird, but it's a lot flimsier than I thought it would be. The rope that it comes barely holds ot together and I'm afraid that it will fall apart if it's moved around too much.

Buy a real scrapbook.

Pretty low quality. The print on the front is absolute garbage. Very unhappy with it.

It was ok, I'm just a little disappointed

September 19, 2017

Color: B: Black Pages **Verified Purchase**

It's a little smaller than I had hoped, and the front cover makes it seem a little bland. I expected at least a little bit of texture, but it just feels like a book cover honestly. Great product though, it just needs to be a little better if you expect customers to pay \$30 for a book they can make at home for half the cost.
