

Alesta .410

For full descriptions, see SKU list beginning on page 20.

Based on a century-old design, the Alesta is a classic double trigger side-by-side. The standard version is equipped with all-black finish, Turkish walnut and Prince-of-Wales grip. The LX features upgraded wood in an English stock with gilded trigger, hammer and break-open lever. Ships with soft carry case. Until now, the Alesta has not been seen outside of its home country, Turkey, where it is hugely popular.
