## OMEGA CIRCLE SERIES™ ROUND TUBE BIKE RACK

### BIKE RACK WITH STAINLESS STEEL ROUND TUBING

Omega Circle Series are constructed of thick HSS 2" square steel tubing and the full radius bend makes it an architectural and functional bike rack. The Omega rack stands apart with a high shine, mirror-like stainless steel finish that is both long-lasting and attractive. The Circle Series Omega is an excellent Class II, or short-term bike parking solution.
