## WELCOME TO THE E=MUSEUM<sup>2</sup>™ OF THE 'NATIONAL ENVIRONMENTAL MUSEUM™'

Accelerating the pace of transformation, to save our community, our species, and our ecology.

**GET INVOLVED**

## THE EPLEX™ OF THE 'NATIONAL ENVIRONMENTAL MUSEUM'S™

---

Like you, we are tired of corporate and political interests saying a lot and doing little. We are tired of organizations acting in silos. We want real change, real action. We want transformation - now. With you, can make it happen. We have a three-prong approach of the National Environmental Museum's transformative complex or "Eplex™":

**E=MUSEUM<sup>2</sup>™** will educate about the challenges we face and also about how we can solve them.

**EARTH EPICENTER™** will transform how we work together to accelerate environmental and ecological changes.

**CENTER FOR INNOVATION & APPLIED SOLUTIONS™** will promote the implementation of sustainable, practical, and commercial solutions.

### Get Involved

Are you concerned about the rapid extinction of species and potentially the survival of ours? Are you passionate about what we're doing and making a difference? Let us know! We're excited to have people join us who are forward thinkers, unconstrained and limitless in creative solutions!

### Thank You

Whether you help through monetary donations, volunteering your time, or spreading our mission through word-of-mouth, thank you. World transformation occurs one person at a time.

## SUBSCRIBE TO WORLD TRANSFORMATION

Sign up to hear from us about developments and be a part of our transformation.
