## What Storelocal does

Storelocal offers personal, business, student, military and RV/boat/vehicle storage with a variety of features and amenities. Storage units are available in many sizes, and if you're not sure which one is best for you, our online size guide videos can help you find the perfect fit. Features such as climate controlled personal storage, month-to-month leases, commercial delivery acceptance and indoor vehicle storage make it possible for you to get the exact type of storage you need for the precise amount of time that you need it. Through our Tenant™ suite, powered by GDS (global distribution system), we give you the ability to rent and sign your lease online and then follow through with excellent customer service and modern, technology-focused self storage features once you arrive at the facility.

## Why choose us

The Storelocal co-op has long been a trusted name in the self storage industry. Our history of partnering with local, independent self storage operators has allowed us to develop a high level of insight into what customers are looking for when they seek out self storage. This includes implementing a global distribution system (GDS) to offer an automated, single point of access to every facet of the self storage process. Our own Storelocal branded facilities are the result of decades of developing self storage technology that gives customers access to a vast array of storage units and a cost-effective, user-friendly experience.
