Excellent Electric Toothbrush

July 26, 2019

Color: Pink **Verified Purchase**

Was purchased as a gift for my daughters, she enjoys the powerful sonic brush effect. It seems to really clean the teeth well, and I noticed that the plaque on the gum-line was reduced significantly which is a big improvement. The charging pedestal is great we alternate several brushes on one, and it saves space. My daughter likes the speed function that lets her know how long to brush. My youngest likes not having to manually brush as hard, her coordination in the morning prevented her from obtaining the proper brush motion. The Sonicare solves all these issues, we are very happy with them!

If you are a dad, you are surely concerned about the health of your kids' teeth. I purchased this package for my sons and am pretty much satisfied with the buy. It cleans their teeth very well and also takes care of the health of their gums.

This toothbrush is definitely worth the money I paid for it! It has 4 modes, whatever you prefer to use; rechargeable, has extra replacement heads, easy to use, and the most important cleans teeth perfectly!

I suffer from fibromyalgia and TMJ so brushing my teeth was a difficult task due mostly to pain (arms & jaw). My dentist advised me to use sonic electric toothbrush. Really made a big difference on how good and effortless was brushing my teeth, an most of all painless !! Sonicare is a vital part in my life.

Good choice!

My teeth never felt this clean before. Except after visiting a dentist of course. What I'm trying to say is the daily routine. The usual brushing does not satisfy me at all. Thanks to this tool, I get to clean and make sure my teeth and mouth are completely washed out.

I have sensitive gums. I bleed most of the time so I am not into this type of brushes. Good thing that it has control mode so you can choose what you prefer. I'm happy that this brush has the right vibration to clean my teeth.
