

PRODUCED AND BOTTLED BY TUMBLING CREEK CIDER COMPANY, MEADOWVIEW, VA. TAX CLASS 204(B)(6).
CONTAINS SULFITES

Cryptobranchus alleganiensis - eastern hellbender, snot otter, mud dog, hellgramite, hellgrammer; hellgramite for the aptly named hellgramite salamander found in cool, clear streams and rivers. It can be docile, but is nearly pure muscle with webbed claws to grip slippery rocks, strong jaws to clamp on prey like the mandibles of crayfish, and a keeled tail to propel itself through rapids. Hellbenders are brown with dark spots and stripes for camouflage in their stream habitat. They lay under large rocks.
