

Honduras Próspera Industry Brief

Delivering The Security, Social Service System, Legal and
Business Consulting Needed to Make an Impact

Governance

The Próspera ZEDE's governance institutions have been carefully crafted to enable entrepreneurs to make an impact. With one of the best regulatory environments in the world, low taxation, and dispute resolutions services handled by the Próspera Arbitration Center. These institutions are easily accessible via Próspera's e-Governance platform.

Services and Security

Honduras Próspera, the organizer of the Próspera ZEDE, provides security and social services for city scale real estate development and businesses in the Próspera ZEDE through a General Services Provider (GSP). The GSP is accountable to Próspera businesses and residents through the Próspera Council.

Becoming Part of Próspera

Honduras Próspera. can help those firms looking to join the Próspera ZEDE through our extensive network of local experts, partners, and thought leaders. These consulting services in starting a business and forming joint

ventures in Próspera are part of the Próspera platform, enabling entrepreneurs to focus on what's important. Honduras Próspera can also

assist real estate developers interested in projects within the Próspera ZEDE through co-promotion and management of construction ventures as well as assistance with feasibility research and market and industrial analysis. Próspera can also assist with investment consulting for firms interested in funding ventures within the Próspera ZEDE.

Summary

The Próspera ZEDE, managed by Honduras Próspera, is a new platform for entrepreneurial business ventures in Honduras. It is designed to offer best-in-world governance delivered through a modern technological interface, security and services comparable to the best-run jurisdictions in the world, and a platform of connections, consulting services, research, joint-ventures, and expert advice that enables entrepreneurs to focus on making an impact on Honduras.
