I'm not sure about what chemicals are used for the rubber and plastic but it is soft yet firm enough to do a good cleaning job.

Cheap, the edge doesn't scrape the tongue.

Tongue brush barely has any edge on it and does not scrape the tongue well, if at all. Big disappointment.

This is a fine tooth scraping brush!

I've used this for about a week. It does what it says it will but the one thing I wished was better is the brushing side. There are two sides (double sided) to it. The scraping side was very useful but I found myself not using the brushing side. I prefer my toothbrush.

One thing I really like about this tongue scaper is how long it is. It makes it so much easier getting at the end of your throat.

It Does not clean the tongue. It bends and slides over the tongue. Total waste of money.
