AMAZING - AS ALWAYS. JJ's products never cease to impress me. I never thought a clean (especially KETO) bar could be this good. My boyfriend loves them too. I always make sure I have one of these stashed in my purse in case of emergency!

HEATHER W.*

Going keto means a lot of foods are off limits. Eating on the go can be tricky, and going hungry just isn't an option! Thank goodness for all-new Reignite Wellness Keto Bars, formulated with fantastic keto nutrition and a subtly sweet, nutty taste that is fast becoming a community favorite! (Just 2 grams of net carbs...)

Looking for your new go-to bar? Look no further than JJ Virgin's Reignite Wellness Keto Bars! Rich dark chocolate on the outside gives you an antioxidant, magnesium, zinc and iron boost... While the natural sweetness of coconut loads you up on energizing MCTs. And just when you thought it couldn't get any tastier or healthier, savory hemp seeds offer up a complete source of protein with all nine essential amino acids and the healthy fats that can turn your body into a mean, lean keto machine.

If you've ever been on a special diet, then you know that the question, "What's for dinner?" becomes, "What can you *have* for dinner?" Thankfully, this small but mighty bar will help keep you on track and keep you from going hungry when you're out with friends with zero healthy keto options!

Give your body what it craves, without any high-inflammation foods. These chocolate-dipped bars are pure goodness... And with no gluten, dairy, soy, legumes, corn, or artificial sweeteners, they're the ideal keto mini-meal on the go.

Reignite Wellness Keto Bars are the newest member of Reignite Wellness.
