- Question:** [Does this contain CBC?](#)
- Answer:** This is just hemp seed oil. It's an omega 3,6,9 supplement, similar to fish oil...not a medicinal product, like CBD. If you are looking for CBD, you'll need to leave Amazon. They don't allow it to be sold here.

★★★★★ Works great for pain

Reviewed in the United States on March 19, 2020

This product really worked for me. After the gym I struggle to come down off my angry lifting mind set and this has caused me issues previously. Two drops under my tongue and its brings me down to a calm level. Previous hems I have bought have only provided a light placebo effect. This one however has the desired effect. Also have used it when the inlavs have come over. The ever annoying put downs and negative criticism bounces off me like a water off a ducks back...Also, works for pain relief

★★★★★ **Helps with insomnia and calms my nerves!**

This product was super helpful with my sleep issues and anxiety. I really liked the fact that there was no THC in this product because many items on the market now only include those ingredients. The flavor is meh but its just for a second and worth the relief. You can even use it in a humidifier or as topical treatment since it is good for skin too. I have had this product for 6 days so it is hard to tell what the long term effects will be, but I will keep using it in hopes that it keeps giving me more positive results. I have psoriasis and I am considering applying some to a patch on my face and see if it helps any since this is also good for inflammation!

★★★★★ **Great for chronic joint, tendon pain!**

Reviewed in the United States on March 30, 2020

I have been getting age related aches and pain to my joints and with a busy hands on job, I was really feeling it. After taking 2 days worth of this Hemp seed oil, I found that the pain in my joints much improved! After 10 days of taking these oil, my chronic tendonitis in my wrists has disappeared! Not taken any ibuprofen for this condition since taking these Hemp oil! That was unexpected! As I work shifts its difficult to see any improvements in my sleep, though I have slept 1-2 hours longer.

This is a great product, organic and only the hemp.oil, no additives.

So I for one will continue to take these oil as they have vastly improved my quality of life!

★★★★★ **Really does work**

I have tried this Hemp oil for the past few days and I am so impressed. Firstly it tastes lovely, it is peppermint flavour. Secondly, I can't believe that my joint and muscle pains in my lower back have eased and don't hurt that much. I have noticed that my mobility is also much better, I can do much more chores during the day.

Also I suffer from sleep depravation and this hemp oil has helped me sleep longer and more deeper. This is a great product and if you suffer from joint and muscle pain, anxiety and sleep depravation, then I highly recommend it.

★★★★★ **Works in unexpected ways!**

Reviewed in the United States on April 10, 2020

I was pretty sceptical to begin with, but so many friends had been recommending Hemp oil to me for their various ills and ailments that I decided finally to give them a trial!

Suffice to say, they arrived sat a time of personal crisis, (my landlord asking us to move before Xmas as he needs to live in our rented bungalow) I nearly didn't bother to try them as I felt so lost and low. I have tried them, and am very happy with the results so far! I began to feel a lot less anxious around day 6-7, so do persevere folks! I have arthritic hands knees and back and I have just begun to feel a lot less pain, I think this must be about 14 days in by now! Whilst I started taking the drops I burned my left arm quite badly on my wok, so I did a bit of research about oils and it said you could try it topically. I actually used a few drops daily on my wound and I swear that my burn healed faster with minimal pain and scarring. See the photo above of speedily healed wound! I am going to try it as part of a cleansing technique on my face next as I do get spots from time to time, so I will be back in a few weeks to let you know how that trial panned put!

For now I am going to say, it's working in more ways than I expected, don't stop because it doesn't seem to be working, give it time to get into your system! The price is a winner too!

So it's a ten from me just for being on the right track! Thank you so much!

★★★★★ **Excellent sleep aid n anxiety relief**

Reviewed in the United States on April 10, 2020

Very easy to take, if used half a dropper full under the tongue, try n hold it under tongue for over 1 min if possible as it works more effective this way, if lupus, fibromyalgia n rheumatoid arthritis so in constant pain... if only been taking this not quite a full week so can't really tell yet about easing pain but I have noticed my anxiety levels have dropped and if been sleeping soundly without sleepers, i'l usually go a day or more with no sleep, total insomniacs but this has definitely helped. I used cbd oils etc before and honestly this one has been the best fit for me so far, il definit be buying this again and hope once its builds up in my system i will get pain relief too, tho i have noticed iv used less painkillers probably due to sleeping way more than normal and not up all night

★★★★★ **Can called Premium cbd oil**

I bought this hemp oil for my dad who is suffering from back pain and this is my very first hemp oil I bought. I didn't really know what to expect but friend of mine recommend it to me so I thought I will give it a try. It doesn't really specify dosage so my dad takes few drops 1-2 times a day, depends of the pain. He said it's really good pain killer and because is all natural it doesn't have any side effects. He would recommend it as really good back pain killer.
