

# KLENZ

## HAND SANITIZER

Infection prevention starts with clean hands. **KLENZ** is an FDA approved hand sanitizer formulated with 80% alcohol to kill microorganisms, bacteria, and viruses.

### The **KLENZ** advantage

The **KLENZ** formula is developed with FDA guidelines to help in the prevention and protection from disease transmission through unsanitary surfaces.

**KLENZ** hand sanitizers combine antimicrobial properties with emollients to cleanse and smoothen the skin.

**KLENZ** has the highest purity and potency to kill all types of microorganisms.

**KLENZ** is available in spray bottles: 16 oz, 32 oz; and in 1 gallon and 5-gallon containers.
