Non-Latex Snap-On Prophy Cups

AllPro manufactures a non-latex prophy cup to better protect staff and patients. There is no longer a worry if your patient is allergic to latex. These new cups clean, polish and perform like natural rubber cups. In fact, hygienists tell us they can't tell the difference.

Pricing Information

AllPro prophy cups are now available in strawberry and vanilla scents to mask the smell of the prophy cup. Our prophy cups are available in gross packs of 144 and clinic bag of 1,000.

- Price per gross for the non- latex snap on prophy cups is \$20.25.
- Our clinic bag of 1,000 sells for \$127.00. To order clinic bag of 1,000, please add "1000" at end of Part No. (Example: "301-A-1000").
