

TOP GRAIN LEATHER

Our top grain leathers are tanned and hand finished in Italian tanneries. Because leather is a natural product, both texture and color will vary slightly from hide to hide and within the same hide. These natural markings or color variations enhance leather's uniqueness.

Our pull-up leathers have been impregnated with natural fats and oils, giving an enhanced broken-in appearance over time. Scratches in this leather can be rubbed out with the warmth of a finger.

Avoid excessive exposure to direct sunlight and heat. Clean with a mild soap and soft cloth. Avoid scrubbing with abrasive brushes.
