★★★★☆ **Marginal quality**

Reviewed in the United States on April 7, 2020

**Verified Purchase**

You get what you pay for. I checked this emblem against the OEM version on the tailgate of my truck. No comparison, the original has the lettering sharp and distinct, and is slightly raised from the black background. This knockoff suffers from a mediocre manufacturing process, and the red lettering is just ok.

I'll install it and see how it looks - probably ok from 10 feet.... For \$18, I probably won't return it, but it would be interesting to see a side-by-side comparison between the different emblems offered on Amazon to know if they're all this level of 'quality'.

I bought this for a 2016 F150 like a donkey but I made it work it looks really good and definitely stands out against a black pick up truck and he is very well to the tailgate

Emblem looks pretty good, feels cheap. The shell that attaches it to the tape is already loose. I'm going to have to put super glue to get it to stay attached to the tape which is lame... wouldn't recommend.

Overall a good product but no alignment pins. Adheres quite well and only time will tell for durability. I'm happy!

Quality seemed ok, not factory but would do the job. Unfortunately, too big for my vehicle.
