Product description

Enjoy Your Beverages At Just The Right Temperature With Clarke Brothers Double Walled Glass Coffee Mugs!

If you're tired of drinking lukewarm coffee or iced tea that's barely cool then you're at the right place. We designed our double layer coffee cups to keep your drinks cold and hot for longer so you can enjoy them the way they are meant to.

Our glass mugs for hot beverages use a double walled design that eliminates the risk of burning hands, stays cool to touch while keeping drinks hot, and maintains the flavor of your drinks unlike plastic cups making it the perfect choice for daily use.

Just The Right Balance Of Durability, Style & Functionality

Unlike other glass mugs that shatter easily, Clarke Brothers clear coffee mugs set is made using Borosilicate Glass that's thicker, stronger and smell resistant to provide long term use without relying on any plastics, BPA or harsh chemicals.

These double glass coffee cups feature ergonomic handles that fit comfortably in your hands and come with wooden lids. Thanks to the 12 oz volume it's perfect for cappuccino, latte, espresso, macchiato, tea, juice, iced beverages, smoothies and more!

Perfect Mug For Coffee

Reviewed in the United States on March 14, 2020

Verified Purchase

The glass cups are perfect. The glasses come with a toucan wood lid/coaster. You have one orange colored and one green colored glass. The mug holds 12 ounces of liquid. You can keep your beverage warm by simply placing the lid/coaster on the glass. I like that they are double wall, dishwasher safe and BPA free. Not only do they keep your beverage hot they also keep beverages colder.

When I first time saw the doubled wall mugs, I was a little confused should I buy it or not, but when I have received the coffee mugs, I was more than happy to get it. The design of the mug is so beautiful, lightweight and easy to carry. But it has one thing that bothers me a lot - the glass is very thin, so you will have to take extra care while washing the mugs. Otherwise, overall, the product is good and I will definitely buy another set

Excellent for when you want to savour your brew slowly and it will remain hot till the last sip. I have no regrets and I was pleasantly surprised as to how nice the product was, thinking of buying one more pair!

The outside doesn't get too hot!

Heat retention is good on the inside but still able to touch the outside due to the double insulation! Much better than glass. Portable. Snug fit with the lid. Great colors! Exactly what I wanted.

Light weight very comfortable nice looking mugs

Reviewed in the United States on May 6, 2020

Elegant and functional mugs. It perfectly met my expectations - Light, heat resistant and with wooden lids included. It is easy to clean although would probably be better to hand wash them due to fragile glass material. The silicon seal on the helps to keep your drink safe from dust and spilling, you can keep your drink warm or cold by simply placing the lid on the mug. I really love the product colors and will order another set for my parents
