"Dr. Glauberman's technique is right on time." -The New York Times

"If you are looking for a personal development audio series that will help you to make effortless changes in your life, then the HPP programs are for you." -Dr. Philip Brotman, Ph.D.

Learn more about HPP

**Lifestyle Intelligence (LQ) audio products**  
**Hypno-Peripheral Processing (HPP)** is a series of downloadable audio programs that guide users into the twilight state between waking and sleeping. HPP uses specially recorded voices to weave an experience that gently overloads your conscious mind and guides you into a relaxed state to receive positive suggestions for changing thoughts, feelings and behaviors.

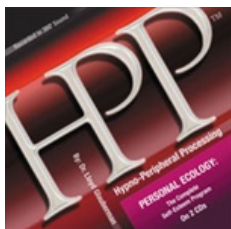

The New York Times hailed Dr. Glauberman's technique as "right on time." Part art and part science, HPP is your answer to a world overloaded with stress -your chance to achieve a peaceful state in minutes and retain the benefits for years.

With over 15 unique programs targeted at multiple paths to self-improvement, you can join the 100,000+ people who use HPP to improve their lives. We invite you to change yourself through the trance-formatinal power of HPP.
