Description

Run for It (Together)

Having a baby doesn't have to mean giving up your active lifestyle. With the Zoom 360 jogging stroller, you can get out, get some exercise, and ensure your baby is never left out of the fun. The Zoom 360's extra large tires were built to conquer a variety of terrains, but its slim design and budget-friendly price tag means it's not going to consume your trunk or your wallet.

- Weighs just 26 lbs
- Locking and swiveling front tires
- Extra-large air-filled tires for a smooth ride
- Super easy one-handed fold
- Use it with your car seat with optional adapter

- From 3 months to 75 lbs
- Includes parent organizer
- Includes air pump
- Meets Disneyland® / Disney® World stroller size requirements (front wheel needs to be in un-locked mode)

With zero flame retardant chemicals, a reclinable seat, and mesh pockets for snacks and toys, the Zoom 360 is just as comfortable for them as it is convenient for you. The adjustable sun canopy gives you a peek at them from above while keeping them out of the sun. Running in the rain? Use the optional rain canopy to keep your child dry on even the dreariest days.

Built to last but designed to be carried, this jogging stroller folds down and stays together, so you can store and travel with it hassle-free. Bring everything you need for the ride with all of the included storage and never let a low tire ruin your run again, thanks to the included pump.

Get back out there with the Zoom 360.
