Good quality mattress cover

Reviewed in the United States on January 2, 2020

Verified Purchase

This mattress cover really waterproof, I had had couple other brands before, and they look the same but when my son wet the bed in the middle of the night, it wet through the cover. So I glad this one didn't wet through and really protected my mattress. The quality is durable too with at least 10 washes already, it still look as new. Soft and fits as described.

Good product

Reviewed in the United States on February 19, 2020

Verified Purchase

Had to find a cover for our new king mattress, came across this one and so far amazing results. Within a week my son has spilled juices and water a couple of times and so far nothing has penetrated through that fuzzy, thick layer that goes on top. Works for me
