★★★★★ **Durable mop pads for the price**  
 Reviewed in the United States on January 30, 2019

My first order was back in April 2018 as a supplement to the two mop pads that come with the Bissell Powerfresh steam mop, and these mop pads have been phenomenal. How so? They pickup the grim, grit and dirt off the floors, and they clean out well too. Attached is a photo showing how gross the mop pad is after cleaning the floor where our dog sleeps; another photo shows a laundered mop pad next to an unused one. I picked the 'dirtiest' looking laundered mop pad to show how well they do clean out after being laundered. The fit is a bit more snug than the original mop pads that come with the Bissell Powerfresh steam mop; the seams don't fit corner to corner (see photo). However, this does not affect it's cleaning ability or how well it fits and comes off the mop head. After much research last year, and reading other customer's complaints that even the original Bissell brand mop pad replacements are not as nice or fitted as the ones that come in the box, so I opted to try these out instead of purchasing overpriced Bissell brand mop pads. Very glad I got these. Attached is another photo showing this mop pad (on the left) side by side with the original mop pad that came with the steam mop. You can see both have the little pouch for the scent disc if you use them, and if you look closely you can tell this mop pad does have slightly shorter loops but tighter weaves (aka more loops per square inch to clean the floors!) When using this mop pad there is a bit more drag (resistance) at first since the mop pad is thicker than the original, but once it becomes slightly damp it slides easier over the floors. The first set of 8 mop pads that I received was shipped by Amazon

☆☆☆☆☆ **Not good pads**

I can't recommend that you buy these pads. I've had a Bissell steam mop for 4 or 5 years now and love it but I needed new pads and decided to give these a try because they were a little cheaper. What I first noticed is that the pads are really thin when compared to the Bissell ones but I still wanted to give them a try. So I put on one of the new pads and attempted to clean my floor like I normally do. Almost immediately I realized that my floor was left much wetter than normal, the pad also didn't seem to pick up any debris, hair or other little bits that were missed when I swept before mopping, it just pushed them around the floor as I mopped. Finally it left dirty streaks all over my floor. The Bissell pads leave my floor much dryer pick up the debris and hardly ever leave streaks. Do yourself a favor and spend the extra money for the Bissell brand pads.

I use my steam mop a few times a week, so I wanted some backup pads. Half of them (the solid white) are much thinner. Probably ok for houses that don't get as dirty as mine! A few of them ripped at the seam when I put them on the mop right out of the package. I should have sent them back.

These pads don't compare to the Bissell brand mop pads. They are very thin and the white pad with the gray zig zag strip isn't more than just colored thread. You won't get any scrubbing from it. A few years ago I purchased the Bissell brand mop pads that were of good quality. I'm not impressed with them.

Purchased for my new Bissell Powerfresh 1940. So sorry I purchased 8 pads! These are more than 1-inch smaller than the original Bissell pads. The material is thin and not very absorbent. I can understand other purchasers saying that they rip and don't hold up. Stretching these thin, ill-fitting pads to muscle on to the mop head surely stresses the thin material even more. NOT A GOOD REPLACEMENT. NOT A GOOD BUY AS THEY WEAR VERY QUICKLY.

★★★★☆ **These work as well as the originals!**  
 Reviewed in the United States on November 5, 2019

I bought these to use with my Bissell steam mop. I have to say, these work as well as the originals that came with the steam mop! One thing I really love is these have a built-in pocket inside that allows you to put a scented disc that will scent the room as you mop. These are highly absorbent and I like the way the plush fibers get in the grooves of my tile floor. The only real gripe I have is the fact that these pads seemed to shrink a bit even after I followed the washing instructions. They seem to stretch back out, and they still fit on the mop, I was just surprised that after the first washing they were more difficult to put on the mop, but still usable and still good.

One of the product videos I reviewed with my Bissell stated these pads were equal in size to the Powerfresh Deluxe model, but this is not so. They are a much smaller fit. The material also seems very thin and flimsy, and I am not sure if they will hold up. Only time will tell, and hopefully they will not shrink with the first wash. I also laundered them, and they did not come clean.
